Objective

Aspiring MERN Stack Developer with expertise in JavaScript, React.js, Node.js, and MongoDB, seeking to leverage technical skills and a passion for problem-solving in building innovative web applications. Eager to contribute to a dynamic team and grow as a professional in the tech industry.

Technical Skills

Languages: JavaScript (ES6+), HTML5, CSS3

Developer Tools: Visual Studio Code, Git/GitHub

Technologies/Frameworks: Next.js, React.js, Node.js, Express.js, MongoDB, Firebase, Bootstrap, Tailwind CSS, JSON, Axios

Experience

Karachi Development Authority

Jan 2012 – Present

Junior Clerk

Karachi, Pakistan

- Maintained and managed organizational records, ensuring accuracy and confidentiality.
- Digitized data entry processes, saving time and improving retrieval efficiency.
- Supported administrative staff with technical troubleshooting and documentation.

Projects

Burger Shop Website | Next.js, Tailwind CSS

September 2024

- Designed and developed a responsive website for a burger shop using Next.js.
- Focused on creating an attractive and user-friendly UI with Tailwind CSS.
- Built primarily for practice, emphasizing frontend design and interactivity.

Book Store App | React.js, Tailwind CSS, MongoDB, Express.js

August 2024

- Developed a full-stack web app to manage book inventory with CRUD operations.
- Implemented dynamic user interfaces using React.js and Tailwind CSS.
- Integrated MongoDB for database management and Express.js for server-side operations.

Books Database | HTML, CSS, JavaScript, Firebase

January 2024

- Developed a web app to store and retrieve books' data using Firebase.
- Focused on user-friendly design and efficient database interactions.

Education

Allama Iqbal Open University

Bachelor of Commerce (Ongoing)

Karachi, Pakistan
